

EU LANGUAGE SCHOOL

About

EU Language School was established at EU Business School Barcelona and offers an extensive range of courses to help students master some of the world's most spoken languages: English, Spanish, French, German and Chinese. Classes take place on EU's facilities and are open to both EU Business School and non-EU Business School students.

At EU Business School our goal is to encourage students to develop their communication skills and thus enhance their career prospects. Knowledge of Spanish will help students better adapt to life in Spain and integrate into the local business community. Therefore, as of October 2019, all first-year bachelor's, master's and MBA students (non-Spanish speakers) will be required to enroll into our General Spanish course for a minimum of one academic year. Spanish speakers, on the other hand, will be required to take either French, or German or Chinese for one academic year.
